# Part A: Pupil premium strategy plan

## Statement of intent

<p><u>Aims of Pupil Premium Strategy:</u></p> <p>To raise the attainment of both dis-advantaged pupils and their peers to ensure attainment is in line with the national average</p> <p>To ensure disadvantaged pupils are making at least expected or better progress</p> <p>To ensure our PP pupils have equal opportunities and experiences to children who are non-PP.</p> <p>To support our PP pupils to overcome any barriers to learning</p> <p><u>Concerns:</u></p> <ul style="list-style-type: none"><li>• Pupils who are in receipt of pupil premium currently have low attainment.</li><li>• A lack of trips and visits and additional cultural experiences has meant it has been challenging to develop pupils' cultural capital</li><li>• Some of our younger children have had limited social experiences due to the pandemic. This has affected their vocabulary and language experiences.</li><li>• Improve academic outcomes particularly in writing and maths</li><li>• Mental health and well-being of students</li></ul> <p><u>Core Approaches Being Implemented:</u></p> <ul style="list-style-type: none"><li>• Provide a wide range of cultural experiences for pupils</li><li>• Provide mental health support through interventions for resilience, low self-esteem, and anxiety</li><li>• Facilitate same day intervention for pre-learning or catch up</li><li>• Improve the quality of maths teaching with a focus on developing knowledge of core number facts e.g. number bonds, multiplication and fractions</li><li>• Improve writing outcomes through adopting a Talk for Writing Approach</li><li>• Develop rich language experiences for children to develop their vocabulary</li></ul>

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Gaps in learning, particularly in maths and writing, due a mix of previous poor attendance, mixed educational experiences and ACE's.
2	A proportion of PP pupils have social and emotional needs that are creating barriers to their learning.
3	A lack of trips and visits and additional cultural experiences has meant it has been challenging to develop pupils' cultural capital.
4	Limited vocabulary and rich language experiences due to a lack of varied social interaction in the pandemic.

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
<p>Improve pupils' oral literacy to ensure they are using a wide and varied vocabulary</p>	<ul style="list-style-type: none"> <li>• Pupils use explicit vocabulary related to a wide range of curriculum subjects.</li> <li>• Pupils engage in book discussions with themselves and an adult three times a week – these books may be beyond their reading ability and be read to them (depending on reading ability).</li> <li>• Use of Talk for Writing approach to improve writing outcomes.</li> <li>• Pupils' vocabulary is extended.</li> <li>• Speech and language interventions (Talk Boost) are embedded</li> <li>• Structured questions are used to develop reading comprehension.</li> <li>• Progress and attainment in reading improves because of improved oral literacy</li> <li>• Retrieval Practise is used to embed knowledge of curriculum specific vocabulary</li> </ul>
<p>Close the gaps in learning of PP pupils to ensure most pupils are attaining in line with their non-PP peers</p>	<ul style="list-style-type: none"> <li>• Effective feedback improves outcomes and progress for PP pupils which closes the gap between disadvantaged and non-disadvantaged pupils</li> <li>• Feedback linked to metacognition supports pupils to become better learners</li> <li>• The learning and application of explicit number facts builds mathematical fluency supporting pupils mathematical learning in primary school and throughout their secondary education</li> <li>• Retrieval practise is used effectively to support pupils to know more and remember more – this technique will support pupils throughout their education</li> <li>• Intervention programmes in English and Maths target gaps in pupils learning and support pupils to make progress and attainment in line with their peers.</li> </ul>
<p>Improve cultural experiences of PP pupils</p>	<ul style="list-style-type: none"> <li>• Pupils visit a wide variety of places that go beyond their home experiences e.g. visiting an art museum in Birmingham; visiting places of worship of different faiths; seeing a theatre or musical performance</li> </ul>
<p>Reduce social and emotional barriers to learning</p>	<ul style="list-style-type: none"> <li>• Pupils can recognise their emotions and are able to describe how they feel</li> </ul>

	<ul style="list-style-type: none"> <li>• Pupils who have more complex emotional needs have access to Lego therapy or a range of interventions should they need it</li> <li>• Pupils understand how some emotions affect how they behave</li> <li>• Pupils have strategies to manage a wide range of emotions</li> <li>• Pupils know how their emotions can impact on their ability to learn</li> </ul>
